

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

INTRODUCTION.

THIS collection has been formed with a view to develop the idea that the history of the country may to a large extent be traced on its homely pottery, and it is not to be regarded as an exhibition of ceramic art.

On the mantelpieces of many cottage homes may be found representations which the inmates admire and revere, as their ancestors have done before them. They form, in fact, a kind of unconscious survival of the *Lares* and *Penates** of the Ancients.

The classification, whilst confessedly arbitrary, has been made not so much in reference to the maker, the time and place of manufacture, but rather with regard to the greater *human interest* which each object presents.

HENRY WILLETT.

June, 1899.

* The *Lares* and *Penates* were household gods of the Romans. The former were grouped into various classes, such as:—*lares domestici*, departed spirits of the household, only good men being thus honoured; *lares publici*, benefactors to the nation; *lares marini*, victors in naval battles; and others. There were also public and private *penates*, protectors and promoters of happiness and concord. Every meal was a kind of sacrifice to them, often ending in a libation.

 Who fought and conquer'd ere his Race was run;
 Great was his Mind, his Soul serenely brave;
 Britannia weeps! let all bedew his Grave
 With briny Tears, let none be void of Grief.
 For me no Pleasure hence, my Sorrow's past relief:
 Unless his Mantle dropt by Neptune's Care,
 On some heroic Shoulder fit to wear
 A Garb prophetic of its worth and Fame
 Should emulate in daring Deeds great Nelson's Glorious Name."

No. 618.—TICHBORNE TRIAL.

JUSTICE MELLOR.

LORD CHIEF JUSTICE COCKBURN.

JUSTICE LUSH.

MR. HAWKINS.

DR. KENEALY.

THE CLAIMANT.

BY RANDOLPH CALDECOTT.

In 1871, the Claimant, Thomas Castro, otherwise Arthur Orton, sued Franklin Lushington, tenant of the trustees of the infant Alfred Joseph Tichborne, to recover possession of the estates. The trial, which lasted 103 days, was brought to an end in the non-suit of the plaintiff, who was committed for trial on the charge of perjury. This trial commenced at the Old Bailey on 23rd April, 1873, and after lasting 188 days the Claimant was found guilty on 28th February, 1874, and sentenced to 14 years' penal servitude.

|---|---|
| <p>"Peggy Plumper, a lass
well made tall and pretty,
Was courted by sweet
Sammy Spar of ye City:
They jog'd on incourtship,
Sam would have gone
faster,
But Peg w'd not Wed,
till she knew who was
Master.
Tho says she we may live
and ne'er quarrel for
riches,</p> | <p>Yet it may not be so about
wearing the Breeches.
So saying, she squar'd up to
Sam very clever,
Thinks he for to gain her the
time's now or never.
They had several rounds, who'd
the best none did know, Sir;
At last Sam gave Pegg a fair
knock down blow, Sir;
Then he led her to Church as
loving as could be,
And the Breeches remain'd in
ye place where they should be."</p> |
